

# Application for Exemption from the Shared Responsibility Payment for Individuals who are Unable to Afford Coverage and are in a State with a Federally Facilitated Marketplace

Form Approved OMB No. 0938-1190

Use this application to apply for an exemption from the shared responsibility payment

- Every person needs to have health coverage or make a payment on his or her federal income tax return. This is called the "shared responsibility payment."
- Some people are eligible for an exemption from making this payment. This
  application includes one category of exemption. There are other applications
  for other categories of exemptions. You may apply for certain other
  categories of exemptions when you file your federal income tax return.
- You don't need to apply for an exemption if you're not going to file a federal income tax return. If you're not sure you'll file a tax return, you may want to apply for an exemption anyway.

Who can use this application?

- Use this application if you're unable to afford coverage. If you get this exemption, you may be able to buy catastrophic coverage.
- You can use one single application to ask for this exemption for more than one person in your tax household.

When can you get this exemption?

Use this application to ask for an exemption for months in the future. If you
want this exemption for a whole calendar year, you need to request it before
the year starts. You can't get this exemption for time in the past. If it's
after December 31 of the year you need the exemption for, you can apply
for this exemption on that year's tax return instead.

What you need to apply

- Social Security Numbers (SSNs), if you have them.
- Employer and income information for everyone in your tax household (for example, from pay stubs, W-2 forms, or wage and tax statements).
- Information about any job-related health coverage available to your family.
- Proof of your expected yearly household income for the year you need this exemption for. See page 10 for examples of documents you can send.

Why do we ask for this information?

We ask for Social Security Numbers and other information to make sure your exemption is counted when you file your federal income tax return. We'll keep all the information you give private and secure, as required by law. To view the Privacy Act Statement, go to <a href="HealthCare.gov">HealthCare.gov</a> or see instructions.

## STEP 2: Tell us about your tax household.

#### Who do you need to include on this application?

You need to complete Step 2 for every person in your household who is on the same federal income tax return.

#### For Person 1

Person 1 must be an adult who files a federal income tax return in your household, even if they don't want an exemption.

#### For Person 2:

*Person 2 can be either:* 

- A spouse who files taxes jointly with Person 1.
- Anyone that Person 1 claims as a dependent on the same tax return.

#### Who not to include:

- A spouse who files taxes separately. Spouses who file separately need to fill out a separate application for themselves and for each person they claim on their tax return.
- Anyone who lives with you but who isn't listed on your tax return. Each person who needs an exemption must be on an application with the person who lists them on a tax return.

#### If you don't plan to file taxes, you don't need to apply for an exemption.

You'll get an eligibility determination letter in the mail after your application is processed. If you get this exemption, we'll give you an Exemption Certificate Number (ECN) with your approval letter. **Keep the letter for your records.** You'll need to put this number on your federal income tax return at the time you file taxes.

We'll keep all the information you provide private and secure, as required by law. We'll use personal information only to check if you're eligible for an exemption.

We use SSNs to help make sure that if you get an exemption, it's applied correctly on your taxes. If someone wants help getting an SSN, call 1-800-772-1213 or visit socialsecurity.gov. ### **STEP 3:** Proof of yearly income

You MUST submit proof of each type of income you listed for each person on this application. We can't approve your exemption without proof of income. The table below lists possible documents for each type of income; you may submit other documents not on the list if they are included in the income amount you listed on your application.

If you expect your income to go up or down during the year you are requesting this exemption, you can provide other documents, like a document that states when contract work will end. If any of your income comes from freelance work, you can fill out a self-employment ledger that includes your expected income.

<sup>\*</sup>An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60% of such costs (Section 36B(c)(2)(C)(ii) of the Internal Revenue Code of 1986). Most health plans offered by employers meet the minimum value standard.
